HEARING ON PROPOSED FORMATION OF SEWER DISTRICT IN TOWNSHIPS 33 & 34, RANGE 2 E.W.M. - PROPOSED TROXEL SEWER DISTRICT

The matter of a proposed sewer district in portions of Townships 33 & 34, Range 2 E.W.M. as per petition therefore filed June 1, 1970, came on for hearing at 10:15 A.M. as set by the Board of County Commissioners at their regular meeting held June 15, 1970. Approximately 75 people were present at said hearing, a large majority appearing in opposition to the formation of said sewer district and being represented by their attorney Jane A. Mason of the firm of Davis & Mason. It was called to the attention of the Board that the legal notice of hearing as required by R.C.W. 56.04.030 was published in only one issue of the Whidbey News Times that being on June 26th, 1970 and not again on July 2, 1970 as was requested by the County Auditor by letter dated June 17, 1970 and also said notice as published in the News Times on June 26, 1970 contained an error in the legal description of the area of said proposed sewer district. Said error having been made in the setting of the type by the Whidbey Press. For the above reasons, the Board determined that no public hearing could be legally held at this time, and to hold a legal public hearing on the matter would require the setting of a new hearing date and proper legal notice thereof given.

Mr. Herbert Pickard and Neil H. Koetje, the two principal developers in the area and principal promoters of the proposed sewer district, upon learning of the large number of residents of the area opposed to the formation of the district, presented to the Board a letter requesting withdrawal of the petition.

In view of the objections expressed by an overwhelming number of those persons present and the letter from Mr. Pickard and Mr. Koetje requesting withdrawal of the petition, the Board voted not to readvertise for a new hearing on said proposed sewer district and to take no further action in the matter.
